THE Black Organization of Students

Students protest Rutgers investment in South Africa outside of 15 Washington.

(University photo: Ruth Frank)

Black people in South Africa live under apartheid, a tightly meshed system of total dispossession that deprives them of their citizenship, freedom of movement, land ownership, organizing rights and education, and because of this modern day fascism, B.O.S. states "Rutgers University must immediately divest (withdraw) all holdings from South Africa!!!"

*****COME AND BRING A FRIEND*****

**at Rutgers N.C.A.S.
will hold a FORUM on
South African
Oppression
and Rutgers' Contribution in it ???**
